

Critical Care Transport Course

**September 16, 2019 to November 20, 2019
Monday & Tuesday, 8:00am to 6:00pm**

Purpose:

This intensive course will prepare the paramedic, nurse, or RRT to become a critical care transport specialist. The 100+ hour class will cover a wide variety of topics including ventilators, 12 lead ECG, IV pumps, pharmacology, invasive lines, intra-aortic balloon pumps, complications of transport, capnography, and much more.

Attendees:

CCEMTP is open to **any** paramedic, RRT or nurse. Current CPR, ACLS, PALS or PEPP, and BTLIS or PHTLS is **optional**, but highly recommended. A copy of your professional licensure must be submitted with your registration.

Students with proficiency in anatomy and physiology, biology, pharmacodynamics, medical math, and chemistry will be best prepared for the course.

Pre-Course Assignments:

This course requires the student to complete a pretest and the Pharmacology module prior to the first day of class. Information will be provided at the time of registration.

Course Completion

Students with 100% attendance will be evaluated with a written examination at the end of the course. Successful participants are issued a renewable certificate from UMBC valid for three years.

HELD AT:

**Central Jackson County FPD
Fire and EMS Education Center**

**4715 SW US 40 Hwy
Blue Springs, MO
64015**
